

310-K | Harvesting pruner | 160 mm | Curved

This high-quality Japanese harvesting shear is highly versatile for harvesting fruit and vegetables, picking flowers, and general gardening. Featuring a 25 mm carbon steel curved blade, it offers precision and durability. With a total length of 160 mm and an ergonomic design, the shear fits comfortably in hand. Additionally, the open spring prevents dirt buildup, ensuring smooth and hygienic operation. A reliable choice for both professional and hobby use.
